Everything You Need for a Complete Records Management System...

The software that you'll use for your record center is the single most important decision that you'll make. So you need to know that it can and will grow with you. From simple order taking to multi-facility operations, RS-SQL has everything you need to be successful. With over US\$1.5 million in Research & Development invested in 2007 alone, you can be sure that there are plenty of new features to satisfy your needs.

Don't try to re-invent records management. The only commercial record centers who qualified for the 2007 Inc. Magazine's, "**The 500 Fastest Growing Companies in America**," all selected O'Neil's RS-SQL as their software solution. This is your chance to capitalize on their research, success and the more than 850 other record centers worldwide, who have chosen and influenced the features that you will find in RS-SQL.

The professionals at Coast-To-Coast provide the expertise to take your Record Storage business from the planning stage all the way through to depositing the profits. The Coast-To-Coast team creates a turnkey profit solution. Call 877.622.5508 x85 and speak with Bob, our record storage specialist.

 You, Coast-To-Coast & O'Neil
– The WIN-WIN-WIN TEAM!

Your Subscription Fee Includes...

...the complete RS-SQL software used by more commercial record centers than any other software package, but this system is **UNLIMITED**. That's right — this version of RS-SQL has no limits! No standard user limits. No web user limits. No container limits. You simply report the pricing tier you are on at the end of each month and pay the fixed monthly fee for that tier. It's that easy. If you need 10 data entry staff today— go ahead...log them on. No extra charge! If all your customers want to access their data via the internet—let them do it. No extra charge!

Where's the Catch?

You purchase the hardware — we supply the software, training, documentation, technical support, upgrades and your first 1,000 barcodes, all for a small monthly fee. No catch. No surprises.
